# Who is this for?

## Senior Programme managers and teams

You may not call yourself a programme manager in a formal sense, but if you're becoming more involved in programmes at work then this course is suitable for you. Not only will you get the MSP Practitioner certification, but you'll also learn a best practise programme management approach which you can apply to your programmes at work.

"I was taking on more project work and needed to learn how to manage it."

## Unemployed project or programme managers

If you're an experienced project or programme manager and perhaps have been made redundant, or are in between contracts, this training is suitable for you. Programme management is one step up from project management, and if you show you have the means to support or manage programmes using MSP you'll have a great chance of landing a programme management role.

"I had enough experience, but I never heard back from any interviews."

## Aspiring programme managers

MSP certification is really important when looking for any programme management role. It will show employers you're capable of applying MSP as an informed member of a programme team. Providing you have other transferable skills (for example gained from project management) your CV will be boosted if you can show MSP certification as well.

"I wanted to work in project management but had no relevant experience."

# Why this course?

Gaining MSP Practitioner certification will boost your career opportunities by showing that you can apply the MSP principles and framework to a simple MSP-based programme.

The MSP Practitioner qualification is also a very good way to differentiate yourself in the jobs market. If you already have a project management qualification such as PRINCE2, then gaining MSP Practitioner is a great way to complement that on your CV/resume. It shows that you have a broader knowledge about how projects fit into programmes and it shows that you are able to manage such simple programmes.

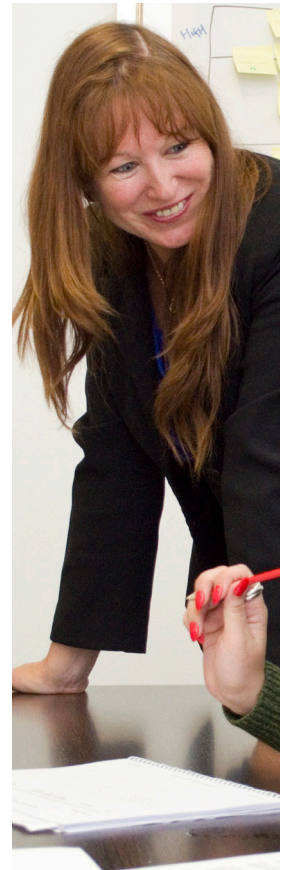

## What are the benefits for individuals attending the course?

- Certification will instantly boost your CV and job prospects
- MSP complements your existing project management certifications
- You'll learn how to act as informed member of a programme team
- You'll learn how projects fit into programmes
- You'll gain an understanding of how to apply MSP to a simple programme
- You'll gain authority and proof of your knowledge about MSP

## For organizations sending their staff on PRINCE2 training

- MSP is designed for any type of organisation
- MSP will provide your organisation with a programme management framework
- You can improve your current practices whilst preparing for the future
- Your organisation will be better prepared to manage business change

If your organization is undertaking programmes, your support staff would benefit most from the MSP Foundation training. More senior staff are best suited to MSP Practitioner training.

## Who teaches this course?

### Jumoke Ogunbekun

Jumoke is an exceptional Agile and MSP trainer who has managed large IT and telecoms projects/programmes around the world. With over 10 years delivering telecoms projects, Jumoke gained her experience working for Fujitsu, Atos, Centrica, O2, Vodafone and Save the Children.

Jumoke is known for her positive and approachable training style, and you can certainly feel confident you are being trained by a professional with real experience in the field.

### Just see what our students say

*Excellent trainer, very engaging. Focused on delivering the course to our understanding and discussed applicability of the theory in real world.*

**Mark Rushforth, Lloyd's Register**

- Detailed course guide book
- Sample exams
- Refreshments

## A location to love

Situated in the heart of Central London, our modern training centre is just a few minutes away from Barbican and Farringdon stations. Many students make the most of their time here by exploring the local area and sightseeing! The centre is opposite the historical Museum of London, a 7 minute walk from the performing arts venue Barbican Centre, and the iconic St Paul's Cathedral.

## Exam structure

On day 3 of the course, you will take the Foundation exam. This is a 1 hour closed book exam containing 75 questions and must score a minimum of 35 correct answers to pass. You'll be pleased to know that our current pass rate for MSP Foundation is 100%.

On day 5 you will sit the multiple choice MSP Practitioner exam. This is a 2.5 hour open book exam containing 80 questions and you must score a minimum of 40 correct answers to pass. Our current pass rate for MSP Practitioner is 90%.

# Why choose Knowledge Train?

## Obsessed with project management

Since 2005, we have focused on one subject: project management. Not many other providers can say that. In fact, many of them offer courses in seemingly everything. Our director is an experienced project manager with years in the field. And so are all of our trainers. You can feel confident that you will be taught by an expert with a passion for project management.

## Customer service, not sales

We know sales teams are annoying. So we don't use this approach. No telemarketing. No cold calls. No pestering. And no passing the call around like a disease. Call or email us and get through to a helpful person who knows our courses inside out. We are a small team who get to know our customers well. Have confidence we will help you.

## High exam results, year after year

Need more proof that we offer great courses? Look no further than our exam success statistics. Since 2012, we have achieved above average exam success rates for our PRINCE2 courses. A huge 99% of students pass the PRINCE2 Foundation and 83% pass the PRINCE2 Practitioner. Not booking PRINCE2? Our MSP, Agile and PRINCE2 Agile exam pass rates are all well above 83%.

# How do I book this course?

Click [here](#) to select a date and pay for the course. Once the payment is received, you will get a confirmation email and a follow up from one of our team members.

## Training, not lecturing

When training we like to encourage discussion. No dull lectures. No lengthy PowerPoint presentations. The atmosphere on our courses is light-hearted. Students even miss the vibe when they leave. Our absolute maximum class size is just 16 people. Some providers cram in as many as 30 to a room. Again. We are experienced in providing courses. We know a smaller class is much, much better.

## In the heart of the city

Spacious. Bright. With working facilities. And a decent cup of tea or coffee. This is the type of venue we offer our students. You deserve a proper classroom to learn in. All of our London courses are conveniently located within walking distance of Barbican station. And rest assured that our Birmingham and Manchester venues are also right in the heart of the city.

## No corporate greed

All businesses have an aim to make money. And in that respect we are no different from the others. But, our terms and conditions have not been created to scam you out of your money. We won't keep your money in the event of course cancellation. Some training providers will. If we have to cancel your course you will be entitled to get a refund or move your date.

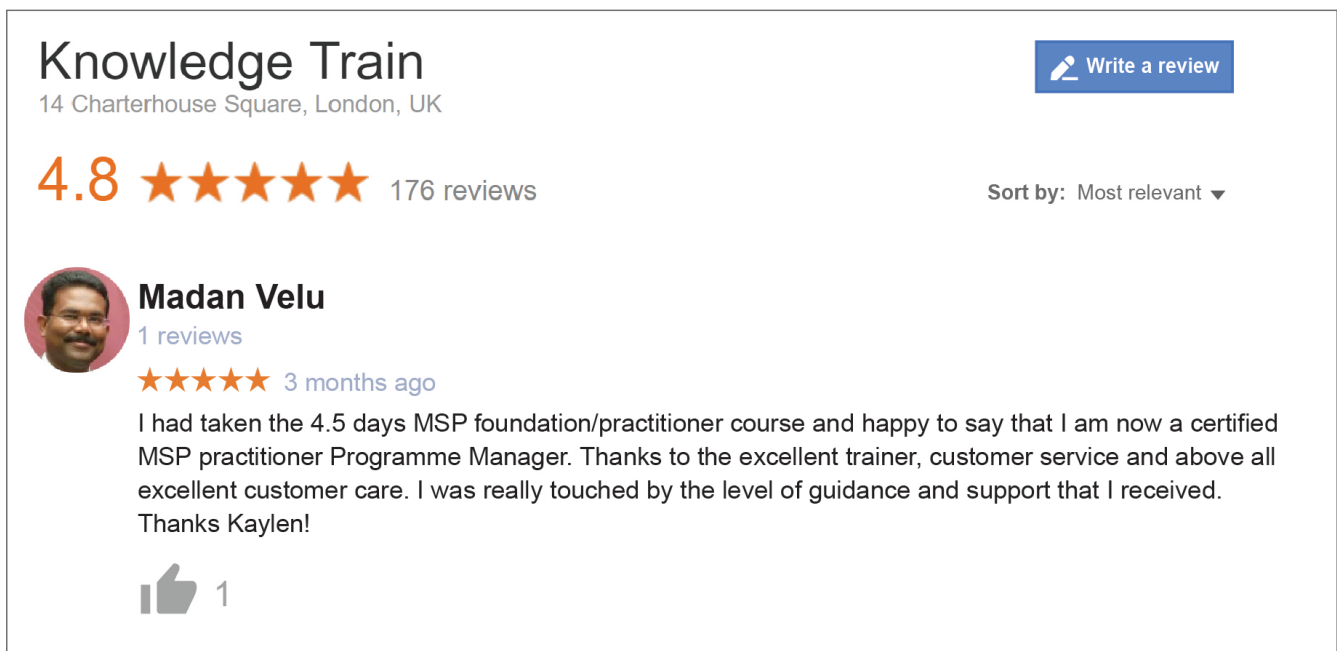

## Courses to suit modern life

We know our students lead busy lives. So we offer courses on weekdays, at the weekend or online. Some courses are run every single week or month. There are a wide variety of dates to choose from. Feel confident that you will find a course to fit in with your schedule. No matter how busy you are.

## Finally, read our genuine reviews

Check out our Google Places page and our website to see what past students really think about us. We don't use third party review websites like some companies out there. They often manipulate those reviews in their favour. And they delete the negative ones.

We have nothing to hide. Have a look around the website. Call us. Email us. Ask us anything.
